HIGH BUSINESS ETHICS, HONESTY, CREATIVITY, INNOVATION,
RESPONSIBILITY, OPEN MIND, BEING THE BEST, COURAGE,
AND LOYALTY

ABOUT US

The history of our company is based on Akar Zirai Aletler in Çanakkale in 1980. Our company offers integrated solutions with its wide production capacity and high-quality understanding.

Akar Zirai Aletler (Agricultural Machinery) provides farmers a wide range of products of high quality with reasonable prices such as drip irrigation filters, milking machines, forage crushers, forage harvesters, and walnut peeling machines under the Akarsan brand in its production facility located in Çanakkale, Turkey with a closed area of 3100 m² and an open area of 25,000 m².

OUR MISSION

To serve the agricultural sector with our products manufactured in international standards.

Always be one of the companies that drive the industry with our innovative and creative activities.

OUR VISION

Our vision is to be a reliable company in the agricultural irrigation and agricultural machinery sector with our continuously expanding activities using our knowledge.

Our vision is to operate in a customer-oriented manner, to implement the innovations offered by technology, and to grow continuously.
